35,000 U.S. TROOPS READY FOR MEXICO

America Prepares to Go Into
Southern Republic With
Great Force.

INTERVENTION TO CONGRESS

President's Orders Cause Assembling
of Nucleus of Invading Force of
35,000 Men, While Six Warships
Rush Toward Mexico.

Washington, Feb. 13.—Having issued the orders which put a force of about 3,000 regular troops in a position of instant readiness, provided for the sending of 2,500 marines to Vera Cruz and prepared for the raising of a possible "expeditionary force" of 35,000 men for duty in Mexico, President Taft decided that congress must assume the responsibility if any of these men are to be landed in Mexico.

Six Ships Rush to Mexico.
Six war ships of the Dreadnought type, with approximately 6,000 sailors and officers, now are rushing under full steam for Mexican ports—four on the Atlantic and two on the Pacific. The first should arrive at their destination tomorrow, the last Sunday.

Ten more fighting ships of the Atlantic battleship fleet, swinging at anchor off Guantanamo, 70 hours' journey away from Mexico, are ready for sea. They have approximately 9,000 officers and men.

Others Within Call.
Within call to supplement this force are the cruiser Denver, en route to Acapulco, Salvador; transport Buffalo, at Corinto, Nicaragua; cruiser Des Moines, en route to Bluefields, Nicaragua, and due there Saturday; gunboat Nashville, en route to Puerto Cortez, Honduras, and gunboat Annapolis, en route to Amapala, Honduras.

The battleships Wyoming, Utah, Florida, Arkansas, North Dakota, Michigan, South Carolina, Minnesota, Idaho and Ohio, seventeen torpedo boat destroyers and many auxiliary craft of the Atlantic fleet remain with Rear Admiral Badger, commanding the Atlantic fleet, at Guantanamo.

Army Prepares for Service.
The first brigade of the first division of the army, about 3,000 strong, has been ordered prepared for "expeditionary service." It is composed of the Third Infantry, at Madison barracks and Oswego, the Fifth Infantry at Plattsburg and the Twenty-ninth Infantry, at various posts, all in New York.

Preparations have been made to move about 2,500 marines from the ships of the Atlantic fleet and the Guantanamo naval station to Vera Cruz, to be held in readiness there for landing, in case it should be necessary to relieve the foreign legations in Mexico City.

The first army division has just been brought into existence as part of the scheme of army reorganization, and its responsiveness to the call for foreign service may be regarded as a first practical test of the value of the new system.

Newport News the Port.
The first brigade will entrain for Newport News, Va., only in the event that the preparatory orders issued are followed by others setting the troops in motion. Within twenty-four hours after such an order, it is expected that the most distant organizations within the brigade will arrive at Newport News.

Major General Alshouse, quartermaster general, followed up the orders to commission the army transports at Newport News by directing the immediate assembly of food supply, wagon transportation, and other equipment for troops on foreign service.

The transports are the Meade, McClelland, Sumner and Milpatrick. The McClelland is the smallest, with capacity for 200 troops; the three others are able to carry about 800 men each. There is no doubt that the four can easily accommodate the entire first brigade of the first division, constituting the advance guard of an expeditionary force of 35,000 men, available for foreign service in an emergency.

Military Committee to Meet.
Washington, Feb. 13.—Representative Hay, chairman of the house committee on military affairs, sent out a call for a meeting of the committee. This is taken to indicate that congress will be asked to act on the Mexican situation immediately.

Any recommendation from the president would go to this committee and no explanation for the hasty call for a committee meeting can be made except that they expect to be asked to act and desire to avoid all possible delays.

REOPEN BLACKSMITH SHOP.

John Keith has reopened his blacksmith shop at the foot of Hennepin avenue and he enjoyed a liberal patronage yesterday and today, his first two days in the place.

THOMAS W. ROSS IN GREAT SUCCESS

DIXON PEOPLE ENJOYED TREAT
—SPRING MAID IS
COMING.

Thomas W. Ross appeared at the Dixon opera house last evening in "The Only Son." A fair audience, although not nearly the one deserved, greeted him and his company with an enthusiasm that spoke better than words of their appreciation of his wonderful talent and of the quality of the play produced.

Ross is a Chicago favorite. "The Only Son" made a big hit there and played to packed houses for many weeks. The company which played here is the same as the Chicago company as far as the leading parts are concerned.

Thomas Brainard Jr. and also Senator, Mrs. Brainard, Henry Thompson the office boy, and others were the same as played in Chicago with such success. Even the stage furnishings were the same. The acting of course, was superb. Thomas Ross himself is a wonder. He starts the tears welling from your eyes, and before they get a fair start, he drives them back laughing. He is good looking and clever in his particular line of acting and has no superior on the American stage today. He has made and been the heart and soul of the last three plays he has been in, "Checkers," "The Fortune Hunter" and "The Only Son." The opera house management deserves great credit for making it possible for Dixon people to see such a play. They cannot keep it up, however, without better support than they received from Dixonites last night.

The next attraction at the opera house is "The Spring Maid," a musical comedy, Thursday, Feb. 27th. This is a play the management has worked hard to get and will be by far the biggest thing of the season.

LOCAL BOARD PASSED

The board set the date for public hearing on the two proposed improvements for Wednesday, Feb. 26.

ENORMOUS FIRE IN CITY OF CHICAGO

The fire had spread all over the five story building before the firemen arrived, and a 4-11 alarm, calling all of the loop departments, was immediately sent in. The extent of the blaze before the departments arrived aroused the suspicion of Chief Seyferlich, and an investigation has been ordered.

The fire caused damage amounting to over \$250,000. The principal losers are the Brunswick-Balke-Collender company who, in addition to suffering the loss of a large stock of expensive fixtures, lost a large collection of ivory tusks, etc., which was said to have been the finest in the world and which was valued at \$50,000; Rothschild & Co., who had a large stock of pianos which were destroyed or damaged by smoke and water; G. Gennert, who lost his entire stock of photographic supplies; H. J. Peters Co., the greater part of whose electric fixtures was damaged, and the Chickering Bros. and Cable piano companies, who suffered damage by smoke and water.

Guests in several neighboring hotels were alarmed by the fire, and many fled into the street in their nightclothes.

The fixtures for the new Western Union telegraph office, which will be opened soon in the Warner-Brookner building on Galena avenue, have been completed by Contractor Baum, and are now being finished by N. H. Jensen. The fixtures are of handsome quarter-sawn oak and when completed will make the Dixon office one of the most complete and up to date in this section.

HALL OWNERS MAY START TEST CASES

CLAIM THAT COUNCIL CANNOT
ORDER MINORS FROM BILL-
IARD ROOMS.

A number of billiard hall owners in Dixon have expressed a belief that the city council has no authority to compel them to order minors out of their places as long as the minors are not playing the games, and it is reported that they may secure legal advice on the subject with a view of making a test case for a decision.

However, the city fathers maintain that the statute giving the city council the right to license billiard halls, also gives them the right to say whether minors shall be allowed therein or not. The law which is cited is the 44th section of Article V which defines the powers of city councils to "license, regulate, tax or prohibit and suppress billiard, bagatelle, pigeon-hole or any other implements kept or used for a similar purpose in any place or public resort, pin alleys and ball alleys."

CENTENARY OF LIVINGSTON

OBSERVED AT ST. PAUL'S

At St. Paul's Lutheran church next Sunday at 11 a. m. will be observed the centenary of the birth of David Livingston. While the exact date does not occur until the 19th of next month, it was deemed more favorable for the local congregation to have the special service at this time.

The Sunday school will have part in the celebration, the primary department giving a chorus entitled, "Little Workers." Miss Grace H. Wood of DeKalb will render a missionary solo and the choir a beautiful anthem. Missionary hymns will be used throughout the service.

The pastor will use the large black board, tracing the three journeys of David Livingston in central and southern Africa, from 1841 to 1873, and will give an estimate of the life of this great missionary, explorer and philanthropist.

THE WEATHER

For the 24 hours ending at 7 a. m. today the government thermometer registered a maximum of 16, and a minimum of 0. The weather forecast is: Friday, fair; moderate southwest winds. Sunrise, 6:51; sunset, 5:19.

REV. FORD TALKED ON THE DEVIL AT CHURCH LAST NIGHT

LARGE NUMBERS ARE ATTEND-
ING THE BAPTIST CHURCH
MEETINGS.

Smith Thomas Ford, D. D. of Chicago talked on "The Devil's Prayer" last night at the Baptist church. To the amazement of all his opening sentence was "Did anyone ever build a statue to the Devil? If they did what would they put on it: wrecked homes blighted characters, lost souls all cemented together with tears? He took as his text a famous quotation from the Devil, 'Let us alone,' and said all the Devil wants is to be let alone. The liquor joints say let us alone; the gambling dens say, let us alone; the foul underworld of sin says, let us alone.

Referring to the experience of Jesus when he caused the demon to leave a man and go into the swine, Dr. Ford said in part, "That's the only time I ever knew demons to go where they were at home. They fled into the hogs. Even the swine could not stand it and 2000 of them rushed headlong into the stream and drowned themselves. When the people saw they lost 2000 pigs, although they got rid of the devil, they sent a committee and invited Jesus to leave the town. They thought 4000 hams was too big a price to pay for moral reform. And Jesus never set foot in their borders again."

Commenting aside from his sermon, Dr. Ford said: "Some churches are dead and in their graves. They get into ruts like other things. Do you want to know what a rut is? It's a grave with both ends kicked out." He said he was in a New England town once preaching and they told him it was a very conservative town. He looked up conservative in the dictionary and found it to mean preservative. He said that town was preserved like fruit; canned up.

Dr. Ford is a master of congregations, having regularly 1000 in his Sunday evening audience in Chicago and he has held them for eight successive years. His subject this evening will be "God's Prayer." The Y. M. C. A. Men's chorus will sing. Come early to be sure to get a good seat. At 7:45 p. m.

MRS. ELEANOR TRUMAN FRACTURED RIGHT HIP

AGED AND WELL KNOWN RES-
IDENT SUFFERED SERIOUS
INJURY.

Mrs. Eleanor M. Truman, whose life has been vitally connected with the progress of Dixon, fell at her home, 402 Crawford avenue, last evening and suffered a fracture of the right hip which, because of her advanced age, will probably prove very serious.

Many friends of the aged lady, who celebrated her 88th birthday in September, were shocked by the news of her misfortune. It is believed that a weak knee, which has bothered her for some time, failed her while she was walking in the kitchen, allowing her to meet with the accident.

WILL SPEAK TO SCOUTS.

Rev. A. B. Whitcombe will be present and speak briefly at the meeting of the boys of the city at the Y. M. C. A. Saturday night, when they will hear a stereopticon talk on the Boy Scout movement by Secretary Bailey Mr. Whitcombe will take for his subject, "What has already been accomplished by the Boy Scouts in Dixon."

ANOTHER CORRECTION.

Our correction last evening of the story about J. D. VanBibber arresting Geo. W. Hill (we printed the story in good faith and discovered afterwards that it was given to us as a joke on Commissioner VanBibber), does not seem to fully satisfy the Commissioner, inasmuch as he did not want his name signed to the article.

DEFENDANT WINS IN ROBERTS VS. ROBERTS

JURY RETURNED A VERDICT AT
9:45 LAST EVENING—
MAY APPEAL.

MC CORMICK VS.
DOWNS AND FLEMING

McCormick Sues for Value of Colt
Alleged to Have Been Purchased
by Mrs. Downs—John Small vs.
Henry Landis.

The jury in the case of Roberts vs. Roberts returned a verdict at 9:45 last night finding the issues for the defendant. They were out about six hours, Attorney C. F. Preston for the plaintiff, would not state this morning whether the case would again be appealed or not.

When the Roberts case went to the jury the trial of the case between Edward S. McCormick and Mrs. Agnes Downs and Michael Fleming was taken up. This case is the result of a horse deal, and Mr. McCormick is suing for \$95, the alleged value of a colt he claims to have sold to Mrs. Downs, and which payment he says was guaranteed by her father, Mr. Fleming. The case went to the jury at 11 o'clock today, following which the case of John Small vs. Henry Landis was called.

Verdict for McCormick.

The jury in the McCormick vs. Downs and Fleming case was out a little over an hour, returning a verdict for the plaintiff and assessing his damages at \$95. The trial of the Small-Landis case was progressing slowly at press time. All jurors not engaged in the hearing of this case were excused until Monday at 1:30 p. m., when the hearing of the Ira Mighell case will be taken up.

OPENING BALL WILL BE GRAND AFFAIR

FEBRUARY 26 WILL BE EVENING
OF FORMAL OPENING OF
MILITARY HALL.

Military Hall, Co. G's new armory will be formally opened with a grand ball next Thursday evening, Feb. 20. Arrangements for the opening affair were made at the meeting of the company last evening and it is thought the event will be a red letter one in the history of the company. The handsome new hall has been put into first class shape for a party, the floor is in excellent condition and doubtless many will attend the inaugural affair. It is expected that the officers of the Sixth regiment will be in Dixon that day for a school of instruction and they will be the guests of honor at the dance. Music for the affair will be furnished by the Marquette orchestra of ten men.

CITY MAY SUBSTITUTE ASPHALT FOR SAND

MAY USE ASPHALT FILLER IN
PAVING AROUND COURT
HOUSE.

The board of local improvements is contemplating substituting asphalt filler for sand in the brick pavement to be constructed around the court house this spring, the contract for which work was awarded to Rink & Schnell. It is argued that the asphalt filler is much more satisfactory and lasting and in addition reduces the noise to a minimum. In case the substitution is made the city will bear the additional cost.

Dancing Party Enjoyed

A pleasant party was held Tuesday night at the home of Mr. and Mrs. C. C. Barnett, near Woosung, about twenty-five neighbors gathering to enjoy the dancing. Messrs. Eicholtz and Eberly furnished music for the evening. At midnight Mrs. Eberly served an appetizing luncheon. The guests all report a most delightful evening.

No Superficial Examinations.

I do not make any superficial eye examinations. It is my invariable rule to take all the time and pains necessary to make every examination a thorough one.

This thoroughness has been a large factor in the success of my work.

It is what you want when you have your eyes examined for glasses. No drops or drugs used.

Why Salves Can't Cure Eczema

Since the old-fashioned theory of curing eczema through the blood has been given up by scientists, many different salves have been tried for skin diseases. But it has been found that these salves only clog the pores and cannot penetrate to the inner skin below the epidermis where the eczema germs are lodged. This—the quality of penetrating—probably explains the tremendous success of the well known liquid eczema remedy, oil of wintergreen, thymol, glycerine, etc., as compounded in D.D.D. prescription. We have sold other remedies for skin

troubles but none that we can recommend as highly as this for we know that D.D.D. stops the itch at once. We just want you to give D.D.D. a trial. That will be enough to prove it. Of course all other druggists have D.D.D. Prescription—go to them if you can't come to us—but don't accept some big profit substitute. But if you come to our store, we are so certain of what D.D.D. will do for you that we offer you a full size bottle on the guarantee—if you do not find that it takes away the itch AT ONCE, it costs you not a cent.

Dixon Women's Club.

An interesting meeting of the music department of the Dixon Women's club was held Monday afternoon at the home of Mrs. Adolph Eichler. The attendance was very good. The composer for the day was Carrie Jacobs Bond.

Mrs. Parker sang 'A Foreign Land' and 'I Love You Truly,' after which Mrs. Burnham, who has twice heard the composer in recital, gave a short sketch of her life. She was born in Janesville, Wis. in 1863. Some of the struggles of her life were spoken of and several of her poems were read.

Mrs. Parker sang 'A Perfect Day' after which Mrs. Burnham gave a number of her short poems to the delight of all. It was an afternoon very much enjoyed and all feel better to know more of this great composer.

Rebekahs to Meet.

The Minnie Belle Rebekah lodge will hold a regular meeting tomorrow evening in I. O. O. F. hall.

To Entertain.

The Eastern Star will give a Martha and George Washington party on Wednesday evening, Feb. 19th, in Masonic hall.

Palmyra Aid Society.

The Palmyra Mutual Aid society met with Mrs. Fred Lawton Wednesday. The house was prettily decorated in flags in honor of the birthday of Abraham Lincoln. Twenty-four members and several visitors were present and the day was busily spent in sewing. At noon a delicious scramble dinner was served. The meeting was called to order by the president. A short program was given by several of the members concerning the life of Lincoln. The members answered to roll call by quotations from Lincoln.

The society accepted an invitation to meet with Mrs. Nora Pearl Feb. 26. This being the second anniversary of the society a celebration will be held.

Famous "Pint of Cough Syrup" Receipt

No Better Remedy at Any Price. Fully Guaranteed.

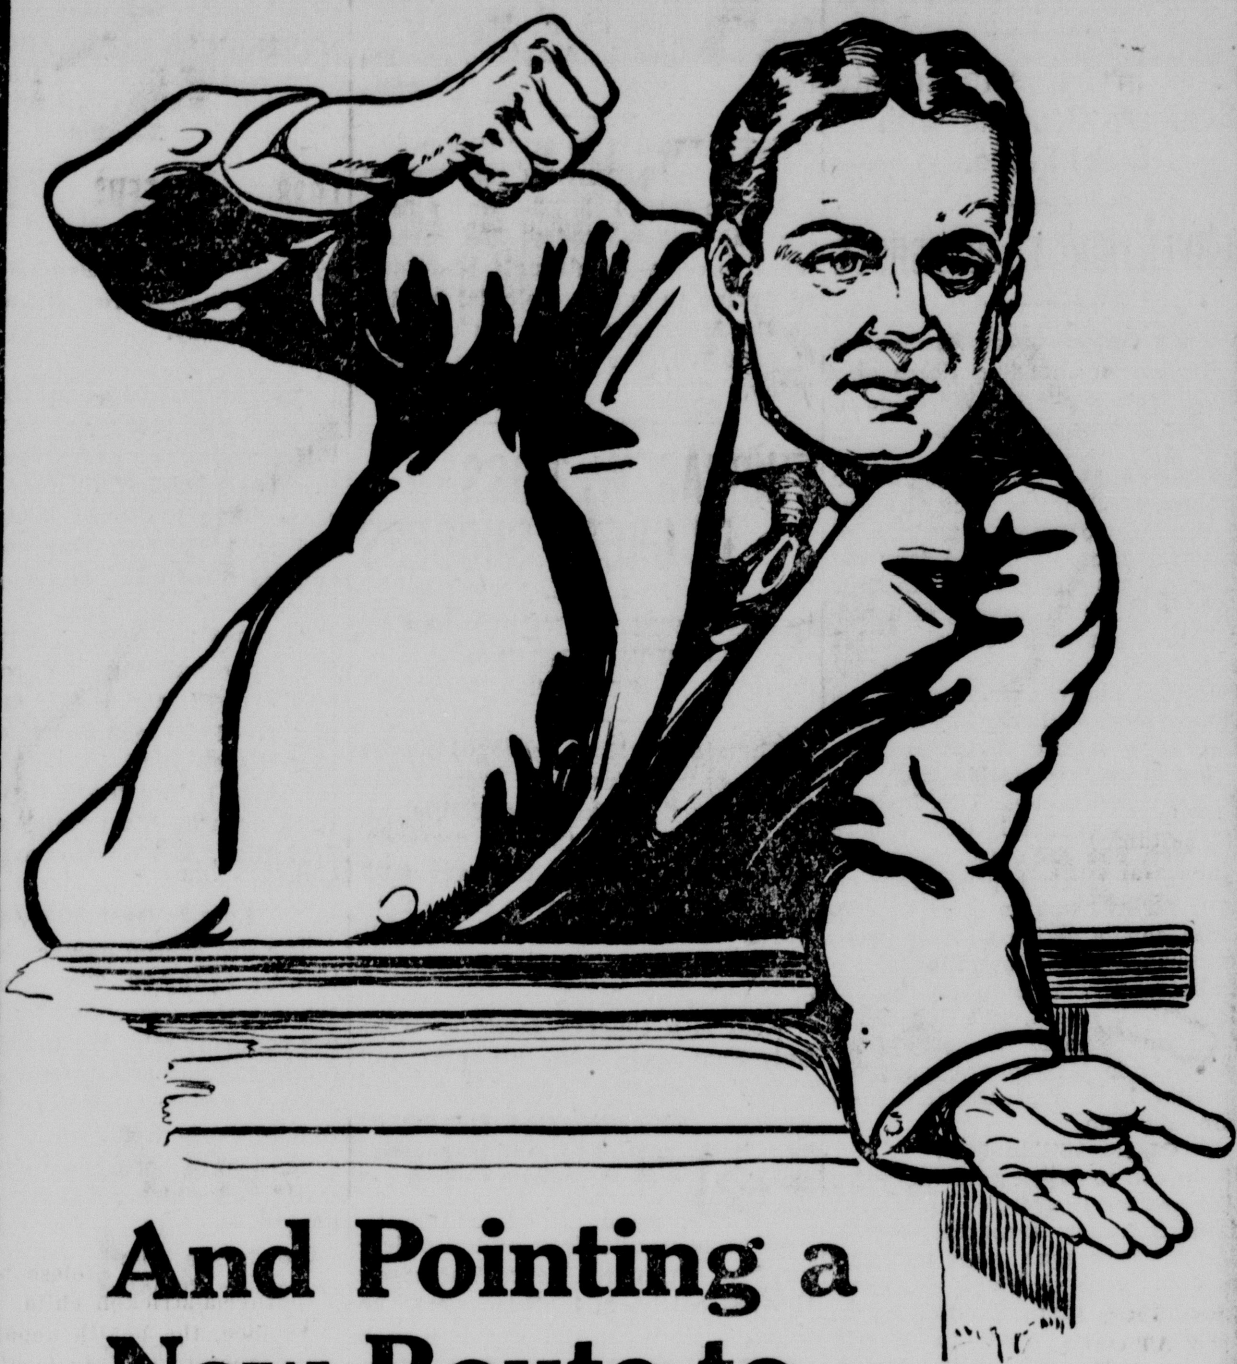

Make a plain syrup by mixing one pint of granulated sugar and ½ pint of warm water and stir for two minutes. Put 2½ ounces of pure Pinex (fifty cents' worth) in a pint bottle, and fill it up with the Sugar Syrup. This gives you a family supply of the best cough syrup at a saving of \$2. It never spoils. Take a teaspoonful every one, two or three hours.

The effectiveness of this simple remedy is surprising. It seems to take hold instantly, and will usually stop the most obstinate cough in 24 hours. It tones up the jaded appetite and is just laxative enough to be helpful in a cough, and has a pleasing taste. Also excellent for bronchial trouble, throat tickle, sore lungs and asthma, and an unequalled remedy for whooping cough and croup.

This recipe for making cough remedy with Pinex and Sugar Syrup (or strained honey) is a prime favorite in thousands of homes in the United States and Canada. The plan has been imitated, though never successfully. If you try it, use only genuine Pinex, which is the most valuable concentrated compound of Norway white pine extract, and is rich in gualacol and all the natural healing pine elements. Other preparations will not work in this recipe.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

DEMENTTOWN ...DOINGS

His Reason.

It is reported that one of the democratic candidates for the Dixon post office went to Postmaster Frey early this week and asked him to lend his assistance in landing the job for him. 'Why,' said Mr. Frey, 'I'm a republican, Al, and I can't see how I can do you any good. Why don't you get the endorsement of your democratic friends?' 'Well,' replied Al, 'I did think of that, but the trouble is they are all after the job.'

It was at the dinner table and the hostess addressed her husband's brother:

"Do you have another piece of pie, William?"

"Why, really, I've already had two, but it's so good I believe I will have another."

"Ha, ha, mother's a winner," said little Frank, excitedly. "She said she bet you'd make a pig of yourself."

Goose Hollow Letter.

The lightning express on our railroad ran into a handcar last Thursday and was derailed, nobody being hurt. Ren Binks, who was running the handcar, didn't know about the accident until he read about it in the paper. The train was 24 hours late, so it got into our place on time.

At the musicale at the opera house next Tuesday evening Miss Amariyllis Teeter is on the program to sing 'All Through the Night.' Uncle Ezra Harkins sez he'll be durned if he's goin'. A feller has got to have a little sleep.

Lem Higgins had a grinch on yesterday and just to relieve himself of it he sent a comic pitcher post card to the sultan of turkey.

When Hank Tumms goes home late to supper he takes Elsie Peters home with him. His wife is too polite to hit him with a rollin' pin before company.

There was to be an Uncle Tom show in Tibbits opera house 1 night last week, but Little Eva stayed on the train and eloped with the baggageman. He is 14 years younger than she is but otherwise it is looked upon as a good match.

"SYRUP OF FIGS" FOR INDIGESTION, BILIOUSNESS AND CONSTIPATION

MEL OR CATHARTICS TO BETTER THAN CASTOR OIL. CALO CLEANSE YOUR STOMACH, LIVER AND 30 FEET OF BOWELS. HARMLESS LAXATIVE FOR MEN, WOMEN AND CHILDREN.

Primitive folks did not need laxative. They lived outdoors, ate plenty of fruit, and all of their food was coarse. We modern people are different. We exercise too little eat little fruit, and our food is too fine—too rich.

We simply can't have our ten yards of bowels clogged up, liver choked with sour bile and stomach full of foul effete matter and feel well. It means that the food and waste retained in the stomach and thirty feet of bowels ferments—decays. The decay creates poisons, gases and acids, and those poisons are sucked into the blood through the very ducts intended to suck in the nutriment. Then we have sick headache, become dull, bilious, tongue coated, nervous, meals don't digest and we feel miserable all over, so we must make our choice. We must

live like primitive folks, else we must take artificial means to move the excess bile and waste matter on and out of the system.

The safest most harmless and effective stomach liver and bowel cleanser and regulator for men, women and children—is delicious Syrup of Figs, which doesn't irritate gripe or weaken. Its effect is the effect of fruits. It is composed entirely of luscious figs, senna and aromatics. Don't think you are drugging yourself. Syrup of Figs can be constantly used without harm.

Ask your druggist for "Syrup of Figs and Elixir of Senna," and see on the label that it is prepared by The California Fig Company. This is the only genuine—the old reliable Refuse, with contempt, the so-called Fig Syrup imitations some times offered to deceive you.

GRIEVING MOB IN ATTACK ON DOCTOR

ROCKFORD PHYSICIAN HAS UNUSUAL EXPERIENCE WITH CHILD'S FRIENDS

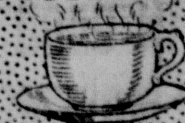

Frenzied with grief over the death of their 7 year old daughter, which

closely followed the administering of a dose of anti-toxin for diphtheria. Mr. and Mrs. Frank Sagana, 1130 Rock street, and a score of their excited friends, this morning shortly after 8 o'clock threatened the life of Dr. John E. Tuite, and only by a hurried exit, minus his coat, hat, and medicine case, did the physician escape harm at the hands of the grieving crowd.

That the administering of the anti toxin, had something to do with the death of the child seemed to be the unreasoning conviction of the Sagana family and their sympathetic friends. This, however, was not the case, for Dr. Tuite found the child in a very serious condition and death would undoubtedly have taken place at any event.

Before the hat, coat and medicine chest of Dr. Tuite could be returned to him Officer Lapp had to be called to the scene. He found a wildly excited gesticulating crowd of Italians surrounding the lifeless body of the diphtheria-stricken child. As a consequence, the health department has been busy trying to locate all who

Facts in Nature

FOR centuries it has been known that Nature's most valuable health giving agents for the cure of disease are found in our American forests. Over forty years ago Dr. R. V. Pierce, chief consulting physician to the 'Invalids' Hotel and Surgical Institute at Buffalo, N.Y., used the powdered extracts as well as the liquid extracts of native medicinal plants, such as Bloodroot and Queen's root, Golden Seal and Stone root, Cherry bark and Mandrake, for the cure of blood diseases. This prescription as put up in liquid form was called

DR. PIERCE'S

Golden Medical Discovery

and has enjoyed a large sale for all these years in every drug store in the land. You can now obtain the powdered extract in sugar-coated tablet form of your medicine dealer, or send 50c in one-cent postage stamps for trial box to Dr. Pierce's 'Invalids' Hotel, Buffalo, N.Y., and tablets will be mailed, postage prepaid.

The "Golden Medical Discovery" makes rich, red blood, invigorates the stomach, liver and bowels and through them the whole system. Skin affections, blotches, boils, pimples and eruptions—result of bad blood—are eradicated by this alternative extract—as thousands have testified.

MORE CAREFUL MOTHERS
ARE NEEDED

When every day brings forth drivers of automobiles, said W. H. Stewart of New York City, "it strikes me that it is about time for someone to put in a few words about careless mothers. I believe they are more to blame than anyone else for children being run down by automobiles."

If a mother would but train her little ones to dread motor cars as she trains them to dread and look out for fire engines and to keep away from the river and the railroad tracks, there is no question but that the large number of the deplorable street accidents of the present day would be avoided.

While I admit that there is a certain amount of recklessness and indifference on the part of a few drivers—especially the younger element; at the same time the large majority are careful in their driving and use every precaution possible to prevent accident.

There is another element aside from children's carelessness, which, of course, enters into the record of automobile accidents. This is the inability of many drivers, especially of commercial trucks to give ample warning of their approach. In this regard the drivers themselves are not to blame. But rather the owners of the trucks who fail to provide a more efficient warning horn than the usual "squawker." The rubber bulb contrivance which so long has been the customary means of automobile warning is so familiar to the average person that they come to mean nothing to him. With a child who is engrossed in play or where traffic is dense and the noise and clatter loud, this kind of a signal horn is pitifully ineffective.

In other words, I believe that if mothers would take their part by teaching their children to fear the automobile, and the owners do theirs by providing their drivers with every known safety device, street accidents would very materially decrease.

PEOPLE'S COLUMN

Dixon, Ill., Feb. 13, 1913.

Editor Evening Telegraph:

I see by your paper of the 11th that our city council passed a discriminating, unconstitutional ordinance, supposed to regulate Sunday amusements, and if it were not for the fact that Dixon city ordinances are not enforced, as illustrated in the cases of the Illinois N. U. Co. and the gambling houses, who violate ordinances with impunity would call for a recall of the city council, and a demand for the referendum, which action is under contemplation at the present time.

Hoping that our city fathers will imbibe a little common sense, and justice, before it is too late. I remain, Yours very truly,

KILLED IN JAP RIOT

Homes of Prominent Persons
Destroyed at Osaka.

Autocratic Rule of the Elder Statesmen is Passing in Japanese Empire—Modern Spirit Rules.

Tokyo, Feb. 13.—The sudden change of ministry and the swift events that have followed both here and in other places of the empire indicate that the coming new era of government for Japan has thoroughly aroused the people, who are decidedly in favor of the change.

The rioting and bloodshed that attended the fall of the Katsura ministry two days ago has spread from the capital to Osaka, where the disturbances promise to eclipse those of Tokyo. When the Osaka police attempted to break up a meeting of the constitutionalists, held in the city park there, a mob was quickly formed and attacked the offices of the newspapers that had been favorable to Katsura and the government that supported him. The mob then attacked the residences of several prominent persons known to be in sympathy with Katsura, but were prevented from destroying them by prompt action of the police. Several persons were killed.

Well-informed men here profess to see an end to the autocratic rule of the elder statesmen, which assumed its greatest ascendancy during the Russo-Japanese war. The inauguration of real party government after the pattern of England is expected to be successfully attempted within a short time.

PROGRESS IN GOOD
ROADS MOVEMENT

COMPTON AND WEST BROOKLYN
STORES CLOSE THREE NIGHTS
IN WEEK.

Compton, Feb. 11—Jesse Fox went over northeast of Pawpaw in the interest of Chas. Bradshaw's insurance business. He wrote \$10,000 insurance on the trip.

Mrs. Eva Swope, daughter of Mr. and Mrs. Graf, former Brooklyn town ship citizens, was brought to Compton hospital recently. She will undergo an operation in the near future.

The men who are public spirited enough to drag the roads that those who travel them may be more comfortable deserve to have their names on the honor roll. We know of three citizens who have been faithful in the matter: John Richardson, Walter Cook and Charlie Otterbach. Doubtless there are others and we would be glad to give them honorable mention if their names are called to our attention. Each road leading out of town should have a committee, of farmers along the road, with chairman who would take charge of dragging that particular piece of highway, ordering out the members of the committee at the proper time. Repeatedly we have heard men say that they can feel even in muddy times when they strike a piece of road that has been dragged at intervals through the year. We frequently hear farmers say 'If we do get out with our teams and work the road we get nothing for it,' as if a man were not paid with interest when he has the satisfaction of driving over such roads. In a few years the man who does not do his part in dragging dirt roads will be the exception rather than the rule. We do not remember of seeing the trace of a road drag on the road between Brooklyn and Compton in the last three years. The cost of a split log drag is so little that every farmer could afford to have one handy to hitch to at the opportune time. Get in line, friends. Better roads mean enhanced farm values and higher intellectual and moral standards.

Bennie Holdren went to Chadwick last Saturday where he will have charge of the singing in the revival meetings which Hetrick will conduct in the M. E. church there.

'A Daughter of the Desert' was repeated to a small audience at the opera house Wednesday night of last week. The poor attendance was due largely to the cold weather of the early part of the week.

The Titha Adult bible class of the M. E. Sunday school held an interesting social at the parlors of the church Friday night. About 30 gathered to enjoy a hard time social. Mrs. Jesse Fox won the prize as representing a victim of hard times. Her hard times dress was a wonder in construction. The bill of fare for the evening was mush and milk, baked beans, ginger bread, pop corn and molasses candy. All present voted the gathering a great success.

The Epworth League meeting Friday night was devoted to a study of the life and work of David Livingstone. Mrs. Lola Carnahan read a carefully prepared paper full of interest and instruction. Next week seven members will give the story of John G. Paten's work in the New Hebrides.

Mrs. Leola Merriman has been sick the past week.

S. O. Argraves attended the auto show in Chicago. He says the show was so large and crowded it was difficult to see the exhibits of most interest.

We hear mutterings of discontent on the part of farmers because our merchants of Compton and West Brooklyn have decided to close their stores three nights in the week at 6 o'clock. We fail to see the justice of the complaint. The move is in accord with the spirit of the times. We have seen the hours of the laboring men shortened from twelve to ten, then to eight and in some occupations to even less than eight hours per day. Even the farmer has fallen in line and feels that he can do better work if he takes time for rest, recreation and reading. Then why should he require the merchant to keep his place of business open every night until 10 o'clock, or even seven or eight, for then it is too late to do anything but go home and go to bed?

"GRINDSTONE TRUST" SUED

Action Filed at Cleveland Charges
Graft in Plan to Control Market.

Cleveland, Ohio, Feb. 12.—Sensational charges are contained in an anti-trust suit for the dissolution of the Cleveland Stone company and its subsidiaries, filed here by order of Attorney General Wickensham. To acquire monopoly in the building, paving, curbing and grindstone business, the "stone trust" is charged with influencing architects "by a money consideration or by conferring favors" to specify its stone in their building plans; fixing prices of building, paving and curbing stones and controlling the price of grindstones throughout the United States. The combination is alleged to dominate the entire market for grindstones in the United States. The Cleveland Stone company, organized in 1886, is capitalized at \$4,000,000. George H. Worthington is president, J. H. Wade vice-president, and Edward A. Merritt secretary-treasurer.

WHAT IS A BARGAIN?

MOST of us, when we think of the meaning of "bargain," think first---and maybe last---of the price. That's why, so many times, when you see bargains mentioned, the price is strongly emphasized. A good many people seem to be unable to get by this price fact;

But a moment's thought will tell you that the price is only a relative thing; it may look like a very low price and still be high, according to what you get for the money. If you can buy \$10 gold pieces at \$9.75, buy all you can get, that's a bargain, because you know exactly the value of what you buy; it's fixed and guaranteed. But you could, for instance, buy a horse for \$50 or another for \$150, and the latter might be a bargain, while the former might be dear at \$40. Depends on the horse.

Now, that's the way with clothes; whether a price is high or low depends on the clothes, not the price.

We have about 25 overcoats in black kersey that sell everywhere at \$18 and \$22.50, a few sell as high as \$30. Their value is staple, they're worth as much one day as another. Their style is staple, was as good a year ago as they are today and will be as good a year from now.

There are the regular velvet collar coats, black all-wool kerseys, in length they are 42 inches, come just below the knee on a person of average height.

We are offering them at a BARGAIN for Friday and Saturday of this week.

The \$22.50 overcoats and a few at \$25 and \$30 **\$15.50**
The \$18 overcoats and a few at \$20 **\$12.75**

All sizes: 34 to 48.

600 AMERICANS FLEE MEXICO CITY

President Madero Plans
Crushing Blow for Diaz
During the Day.

TWO AMERICAN WOMEN SLAIN

Blown to Fragments When Shell
Demolishes Home—Gen. Huerta Sug-
gests That President Resign—
Looting and Hunger.

Mexico City, Feb. 13.—Anticipating an early resumption of hostilities to-day more than 600 Americans fled from their homes to temporary abodes in the outskirts of the city, where the danger from the fire will be minimized.

Ambassador Wilson, on information from the National palace, knew that the government planned a crushing blow, and, determined to save the Americans if possible, rented numerous houses, to which, under flags of truce, agents of the embassy hurried in automobiles as many women and children as would agree to be transported.

Two American Women Slain.
Two American women, Mrs. Holmes and Mrs. Griffith, were killed a short time before these events, by a shell which completely demolished the house and killed both women instantly.

THE DEAD.

Mrs. H. W. Holmes, the wife of an employe of Dun's agency; shot while preparing dinner in the kitchen of her apartment in Ayuntamiento street.

Mrs. Percy Griffiths, wife of an employe of the street railway company; died from wounds received in the same apartment house, when a shell from the federal lines burst through the building.

A conservative estimate of the casualties in the day's fighting places the number of dead at 900 and the wounded at 1,300. The central thoroughfares of the capital of the republic are shambles. At midnight they were still carrying away the slain.

Ex-President De la Barra went to the British embassy with his family and is still there with Manuel Calero, formerly ambassador to Washington.

Additional government troops numbering a thousand or more reached the capital. The federal forces are now estimated at 7,000. Unless Diaz gains assistance from outside, either from Zapatistas or through defections to his standard of troops now loyal, he cannot win.

Telegraph Office Demolished.

The telegraph office of the Mexican Telegraph and Cable company was demolished just before the firing ceased by a shell which burst on the roof.

The Americans and other foreigners are wildly enthusiastic over the news that the United States is sending battleships to Vera Cruz and that marines may come to the capital. Some fear is expressed, however, that the orders may be changed if conditions appear more quiet by the time the ships reach Vera Cruz. The sentiment is strong, however, that the marines should come to Mexico City.

Madero says he will not yield in any case, but if Diaz persists in the bombardment he will move the capital to San Luis de Potosi or some other point.

Directs Fire on National Theater.

For many hours after the opening of battle the artillery fire of the federal troops did not appear to do great damage to the rebel positions. Diaz soon brought his heavy guns vigorously to bear. He made every effort to dislodge the federal riflemen and machine gunners from the higher buildings. At the same time he directed a constant fire on the new National theater, about which a considerable part of the federal artillery was stationed. In this effort he was fairly successful.

A group of Zapatistas commanded by Alfonso Miranda, who entered the city in the night, worked in conjunction with Diaz, but instead of attempting to join him adopted guerrilla methods and caused great trouble to the federals.

A spectacular display of artillery fighting occurred in the center of the city. The bursting shrapnel tore large holes in some of the larger buildings and littered the streets with debris. All the time the patter of machine gun and rifle bullets could be heard striking against the houses.

Looting and Hunger Begin.

A number of robberies were committed here by the lawless elements, which were emboldened by the withdrawal of police protection. Numbers of boys and men took great risks in looting the ruins of houses which had been battered by the artillery.

Commerce has been paralyzed since Sunday. The fronts of all the stores are boarded up, giving the streets the appearance of long canyons. A few residents who were able to do so immediately after the incursion of Diaz in the city hurriedly stocked their homes with provisions at the high prices prevailing, but the poorer people were unable to pay and are suffering.

TAFT IN PHILADELPHIA

President at the Banquet of
Union League Club.

Chief Executive Will Return to Wash-
ington at Once—Attended by
Cabinet Members.

Philadelphia, Pa., Feb. 13.—President Taft put aside the official worries growing out of the Mexican crisis here, joining with the Philadelphia Union League club at a monster banquet held to celebrate the fiftieth anniversary of the club's existence.

The president received no advices regarding the Mexican situation, but was told by a reporter of the report that two American women had been killed while entering their homes in Mexico City. The president expressed deep regret.

Among those at the banquet was E. T. Stotesbury, of Philadelphia, who with a knife and spoon led the banqueters in singing patriotic songs and whose guest the president was after the banquet at a grand opera entertainment.

The president planned to return to Washington on an early train. With him at the banquet were Secretaries Mac Veagh, Nagel and Meyer, Attorney General Wickersham and Postmaster General Hitchcock.

President Taft and the members of his cabinet, after the Lincoln day celebration and banquet at the Union League club, and two hundred others who included many of the most prominent persons in the city, were guests at a formal supper given by Mr. and Mrs. Edward T. Stotesbury at their home, 1925 Walnut street. The affair was one of the most brilliant of the season. Mrs. Harold McCormick of Chicago was guest of honor.

TURKEY WISHES PEACE

Sultan on Knees Begs Big
Powers to Stop War.

Men, Women and Children Massacred
and Girls at Buyuk Cekmadje
Carried Away.

London, Feb. 13.—The Turkish government formally requested Sir Edward Grey to invite the European powers to intervene to stop the Balkan war.

The request was communicated to the ambassadors here, who transmitted it to their respective governments. The ambassadors will meet on tomorrow to report the result.

The Constantinople correspondent of the Daily News asserts that Eyyer Bey made a successful landing at Chaakoul, compelling the Bulgars, who opposed him, to retire. He intends to cross the Rhodope mountains and attack the Bulgarians in the rear of Kavak.

Another body of Turks, according to the same correspondent, landed at Silivri under the cover of the fire of the warships. The Bulgars entrenched near the shore inflicted losses on the Turks, but were eventually driven into the interior by the guns of the ships.

Sofia, Bulgaria, Feb. 13.—According to dispatches given out here, the Turkish troops assembled the whole male Christian population of the seaport of Buyuk Cekmadje in the village schoolhouse and massacred them. Subsequently they killed all the Christian women and children except the young girls, whom they carried off on board ship.

COLONEL HITS OLD PARTIES

Lincoln Day Dinner Attended by Over
2,000 Diners.

New York, Feb. 13.—Theodore Roosevelt declared war to the knife on both of the old parties here. He told the National Progressive club and its many guests at the Lincoln day dinner at the Hotel Astor just what he conceived the party to be and what it stood for. Many of the conspicuous figures in the Progressive campaign last fall gathered for the dinner. The 2,000 seats at the table were all taken, many of them by women, and hundreds of spectators filled the balcony overlooking the ballroom in which the dinner was held.

PRESIDENT-ELECT ANGRY

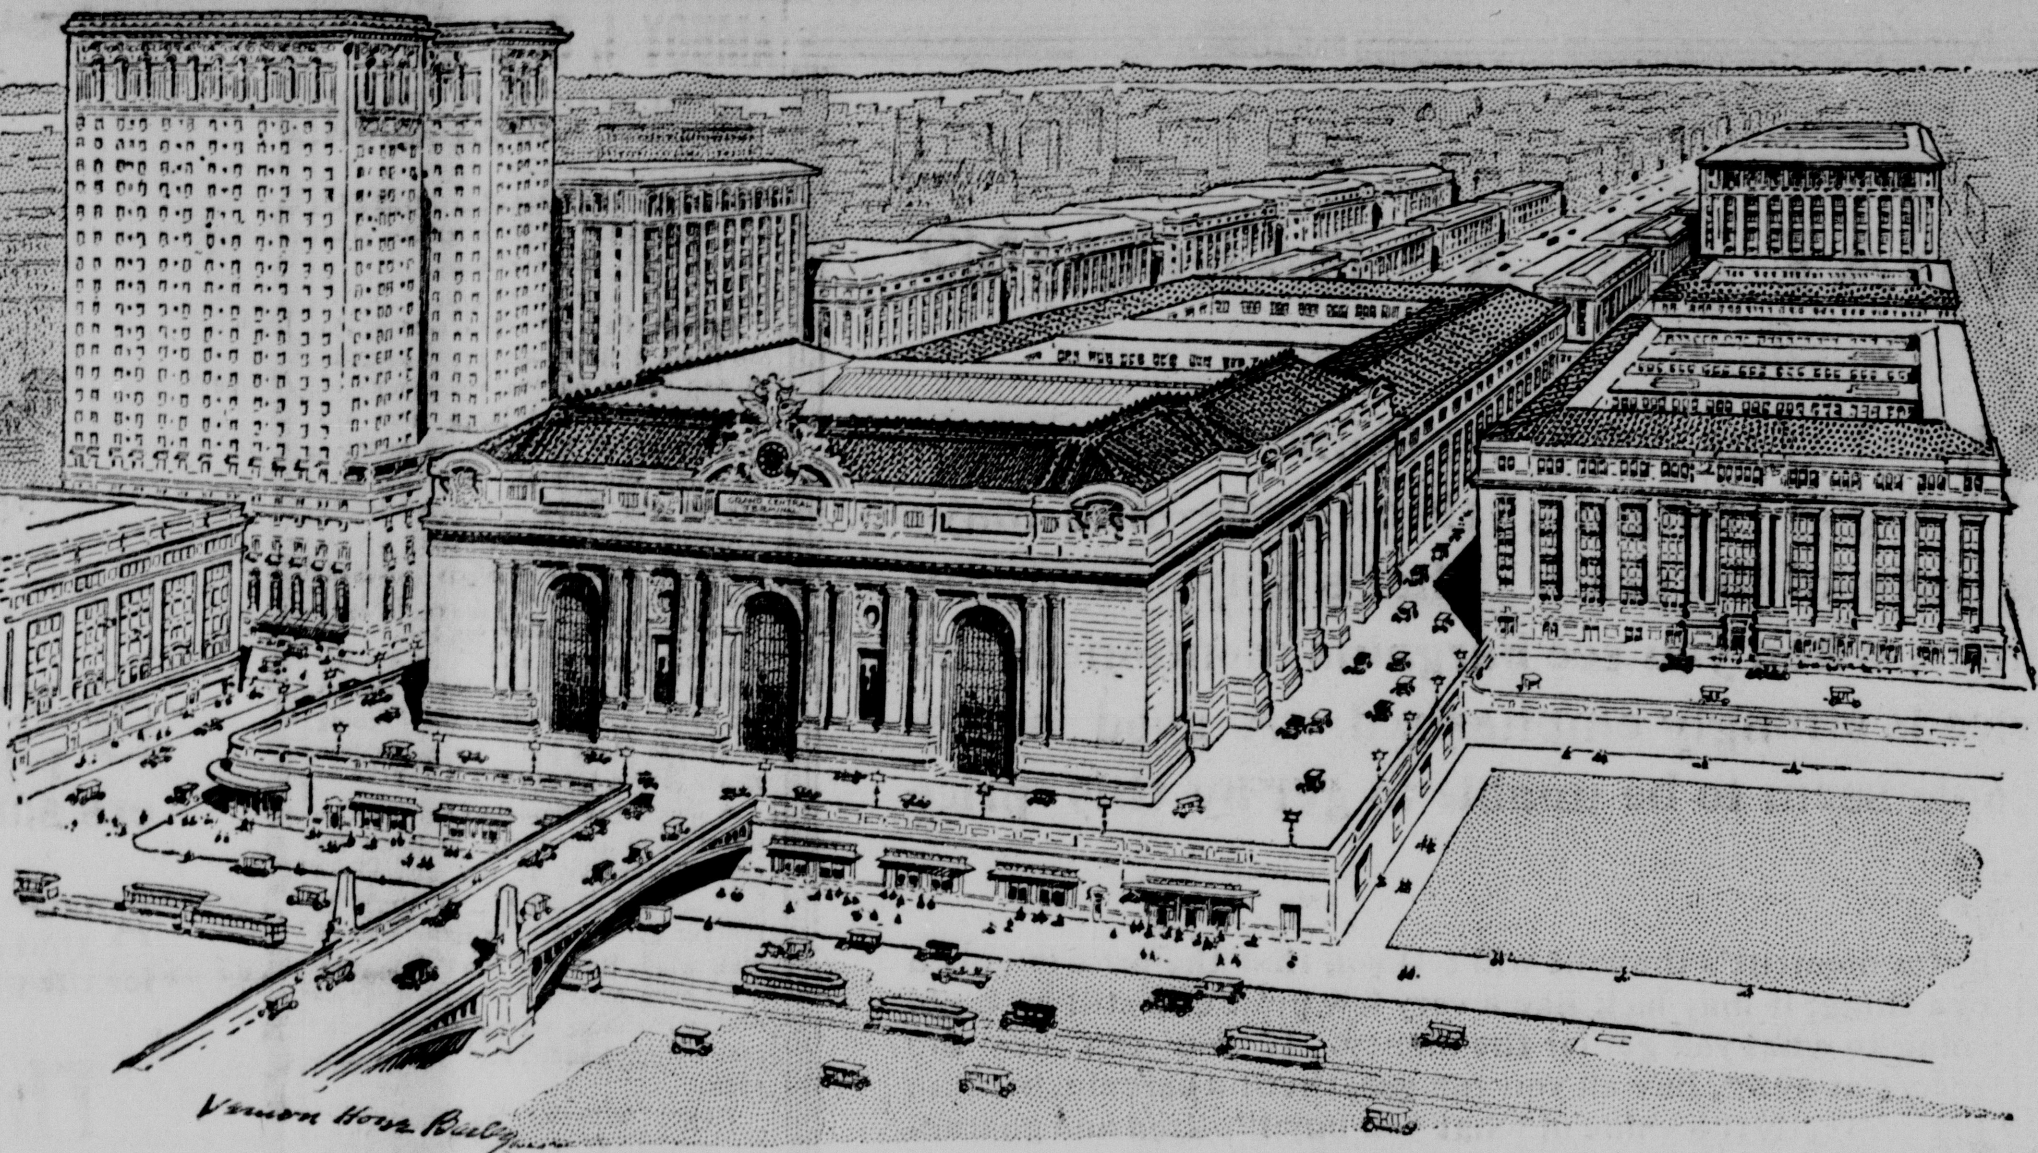

Declares Cabinet Nominations Will
Go to Senate After Inauguration.

Princeton, N. J., Feb. 13.—President-elect Wilson will make no announcement of his cabinet at all, but will send his nominations to the senate after his inauguration. This plan he decided upon after the "authoritative" announcements from Washington that he was to announce his cabinet today. These Washington dispatches have been most annoying to the president-elect. The Washington stories printed this morning were more than ruffling to his temper.

New Grand Central Terminal

A wonderful city, within a city, built for the
comfort and convenience of the traveling public

The main Grand Central Terminal Building in New York is now open to the public. This vast improvement is more than a great railway Terminal—it is a Terminal City, complete in itself, providing every detail essential to comfort and convenience.

It will embrace convention, amusement and exhibition halls, hotels, clubs and restaurants; post office, express offices, modern apartment and office buildings, and numerous stores and specialty shops.

Grand Central Terminal is the Heart of New York. At Forty-second Street and Park Avenue

(Fourth Avenue), one block from Fifth Avenue and convenient to Broadway.

It is the only Terminal on all lines of local traffic—subway, surface and elevated. More than 7,000 cars pass its doors every day, affording easy transit facilities to any part of Greater New York. Around it, and within a radius of a few blocks, are forty-nine hotels, fifty-eight clubs and thirty-five theatres.

Three new lines of underground transportation are now building to Grand Central Terminal, and soon there will be six levels for human traffic in Forty-second Street.

Underneath the Terminal City and its streets are 33 miles of railway tracks on two separate levels, the upper for Through Service and the lower for Suburban Service.

Each level forms a complete terminal in itself, separate entrances and exits, with equal facilities for the comfort of passengers.

Both levels are reached by gently inclined walks. No stair climbing, and no confusion, since incoming and outgoing traffic is separated.

Ticket, Pullman, Baggage and other facilities are progressively arranged from waiting room to train, no step need be retraced.

HIGHER INTEREST RATE can be secured in Seattle on good real estate mortgages than in the east. I have formed connections here where by I am able to obtain mortgages, safe to the investor, at seven per cent, payable semi-annually. Properties are appraised by a well known expert who has been in the business for many years, titles are passed up by a competent attorney, interest collected and forwarded by New York drafts, and all without cost to the investors. Loans are strictly limited to forty per cent of conservative appraisement. If you wish to place your surplus funds securely and at this rate, confer with Dr. C. C. Hunt, 508 Hoge Building, Seattle, Washington. 89tfidwtf

So soft that analysis by the Illinois State Water Survey shows 74 times less lime than city water. Users in Dixon recommend it for Stomach and Kidney Trouble, Constipation, Rheumatism and for conserving health. You can see it. Drink it. Get names of Dixon users to ask about it. Scientist papers and full information at Todd's Hat Store, Dixon Pure Ice Co. A majority of Dixon physicians, all our druggists, use Nature's Ice. 1tf

38,000 FIREMEN TO GO ON STRIKE

Rail Walkout Will Be Called
Tomorrow Unless Man-
agers Yield.

OFFICIALS TO PREVENT TIE-UP

Announce That Men Have Been Hired
to Take Men's Places After They
Quit—680,000 Persons on Pay-
rolls of the E. 4 Roads.

New York, Feb. 13.—President Car-
ter of the Brotherhood of Firemen
and Enginemen said here that the
strike of the firemen on 54 eastern
railroads will be officially declared to-
morrow evening unless Judge Knapp,
the mediator, should succeed in per-
suading the railroad managers to re-
cede from their present position.

All members of the brotherhood,
about 38,000, will be ordered, he said,
to quit work at midnight on Sunday
night.

These railroads comprise 50,000
miles of track, serve approximately
50,000,000 persons, employ 38,000 fire-
men and have on their payrolls 680,
600 persons in all capacities.

Men for Strikers' Places.

The managers of the roads, acting
in all matters in concert, have an-
nounced that men have been hired to
take the places of strikers, and that
they will put forth every effort to pre-
vent a tie-up of the lines. These men
are understood to have been recruited
in the last two months, since it be-
came apparent that the situation was
acute and that a strike was more than
a possibility.

The decision to strike was reached
after a conference at the Broadway
Central hotel between President Car-
ter and the brotherhood's general ad-
justment committee of 54, made up of
one man from each of the roads in-
volved.

The vote for a strike was 32,718 and
against a strike 1,198. The vote was
announced after the visit of President
Carter and the general adjustment
committee of 54 firemen to the Engi-
neering societies building.

Seek Mediation.

Judge Knapp and Acting United
States Commissioner of Labor H. L.
Hanger arrived in this city from
Washington, in response to a request
made by W. S. Carter, president of the
Brotherhood of Locomotive Firemen
and Enginemen, to endeavor to bring
about mediation in the present con-
flict.

A few hours after their arrival they
went to the Broadway Central hotel
and conferred with the representatives
of the brotherhood. No statement as
to what took place at the conference
could be obtained from any of those
who took part.

In the afternoon Judge Knapp and
Commissioner Hanger held a three-
hour conference with the representa-
tives of the railroad managers at the
Hotel Manhattan. Nothing could be
learned from this second conference
either.

Judge Knapp will see President Car-
ter again, and carry word as to what
concessions, if any, the railroads will
make.

END FIRST DAY'S 'HIKE'

Suffragists' Army Tired, Hun-
gry and Cold in "Camp."

Reach Metuchen, N. J., After a Most
Arduous Tramp From Starting
Point—Not Discouraged.

Metuchen, N. J., Feb. 13.—Tired,
hungry and benumbed by the hard
winds of New Jersey, Gen. Rosalie
Jones' hardy band of suffragists stum-
bled in the quaint hillside inn here.
About the only thing left is the de-
termination that inspired the hike
from Broadway to Washington.

General Jones wearily declared that
she "felt great," but her enthusiasm
lacked fire. There were slips, falls
and incidents innumerable on the
weary walk from Newark to this vil-
lage.

Each of the suffragists was equipped
with a bar of chocolate, a handful of
raisins, a stick of camphor ice and a
bottle of smelling salts.

At Rahway Col. William Westervelt,
sixty-eight years old and a Civil war
veteran, made a speech of welcome
and declared, by way of introduction,
that he was looking for a wife.

"No time to get married," declared
General Jones. "Forward, march!"

It was a tired, draggy looking lot
that landed at Metuchen. Many
scorned dinner and went to bed. Hot
bricks and water bags were called
into service, and dreams of the cold
tramp to New Brunswick and Prince-
ton descended upon the little over-
crowded hotel.
